Horror

Sit back and relax and I'll tell you a story.

It's about a young man named William lived in a small village far away.

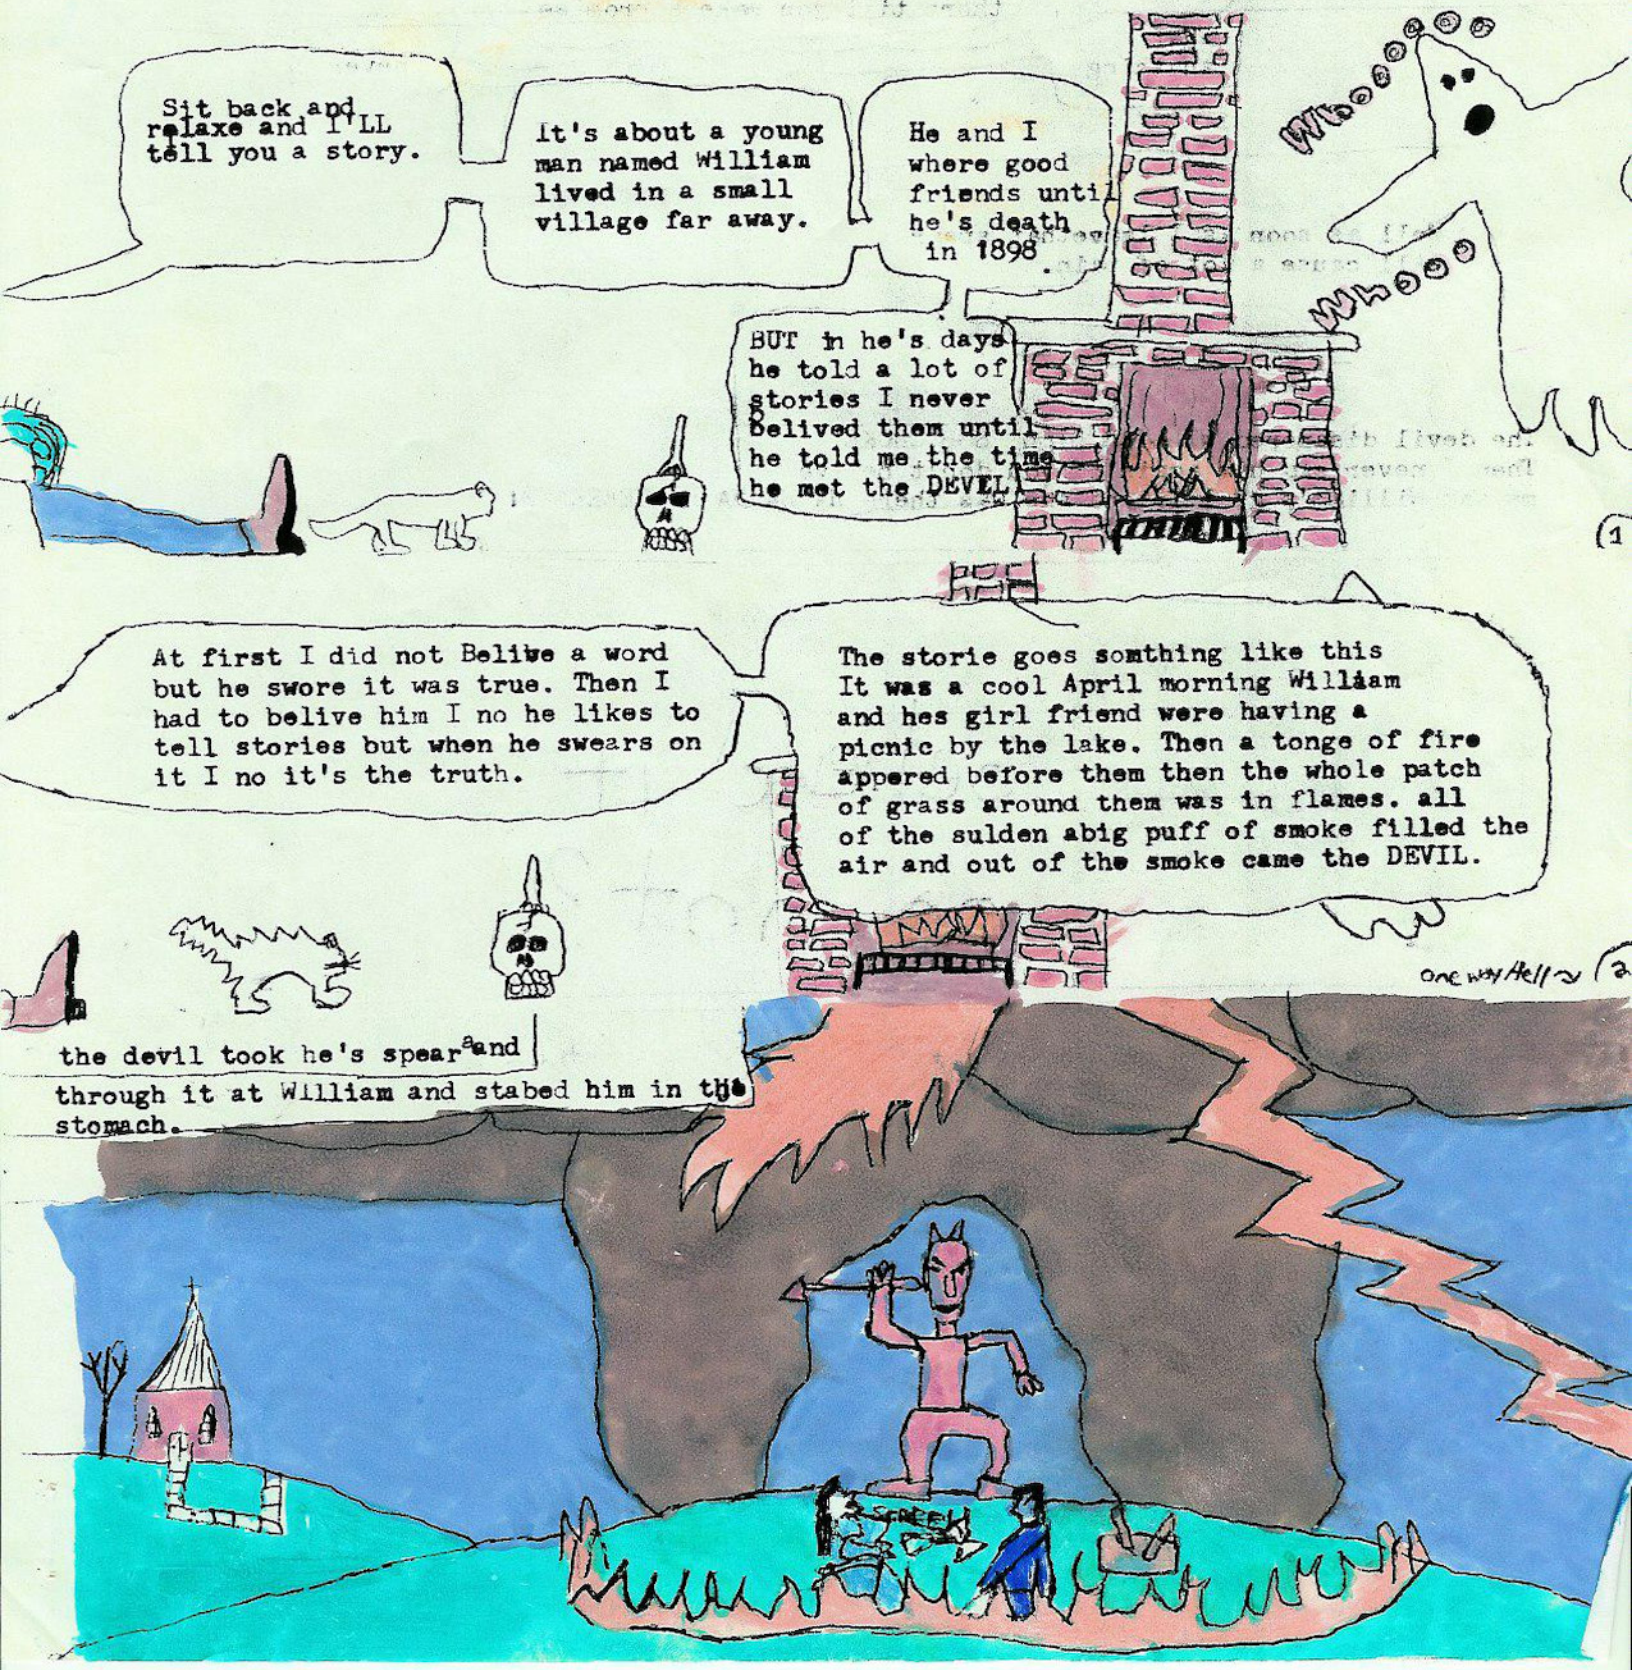

He and I were good friends until he's death in 1898.

BUT in he's days he told a lot of stories I never belived them until he told me the time he met the DEVIL.

At first I did not believe a word but he swore it was true. Then I had to believe him I no he likes to tell stories but when he swears on it I no it's the truth.

The storie goes somthing like this It was a cool April morning William and hes girl friend were having a picnic by the lake. Then a tonge of fire appered before them then the whole patch of grass around them was in flames. all of the sudden abig puff of smoke filled the air and out of the smoke came the DEVIL.

the devil took he's spear and through it at William and stabled him in the stomach.

one way Hell ~ (2)

The devil shouted at William in an angry tone

I finally got another good deed done

HA HA HA HA HA HEEEEEEEE!

W What do you want me for if you please.

Oh I have plans for you that spear will stay in there till you make a promise

well how about your soul.

What anything

never

Well as soon as I leave that spear will cause a lot of pain.

The devil disappeared WILLIAM DIED SOB, CHOKED. Then I never saw him again if you don't believe me ask William's girl friend she was there HA HA HA HEEEEEEEE!

believe it or not?
